

Panamerican Journal of Trauma, Critical Care & Emergency Surgery

Sandro Rizoli, MD PhD FRCSC FACS
Editor-in-Chief

Special Issue, call for authors:

Advances and Updates in Acute Biliary Disease for Surgeons

Submission Deadline: October 31st, 2022

Publication Date: December 2022

Summary: The scope of this special issue covers recent trends in Acute Biliary Disease. Systematic reviews and meta-analyses are also welcome in order to present the most current evidence-based management options for acute biliary disease. Acute biliary disease is one of the most common emergency general surgical diseases treated by the acute care surgeon and this special issue is meant to provide practical guidance and a review of the cutting edge.

Objectives: To provide a practical review of the most common acute biliary disease clinical questions and evidence-based recommendations.

Keywords: Acute biliary disease, biliary disease, emergency general surgery, cholecystitis, cholangitis, acute care surgery

Special Issue Invited Editor

Professor Marc de Moya

Guest Editor: Professor Marc de Moya, MD, is the Chief of Trauma/Acute Care Surgery at the Medical College of Wisconsin and the Aprahamian/Lunda Chair of Surgery in Milwaukee, Wisconsin, USA. <https://www.mcw.edu/departments/surgery/divisions/trauma-and-acute-care-surgery> Twitter: @mcwtraumaACS and @mademoya email: mdemoya@mcw.edu **Interests:** trauma, emergency general surgery, acute care surgery, global surgery, medical education, clinical research.
